# ACRYLIC COLOR GUIDE

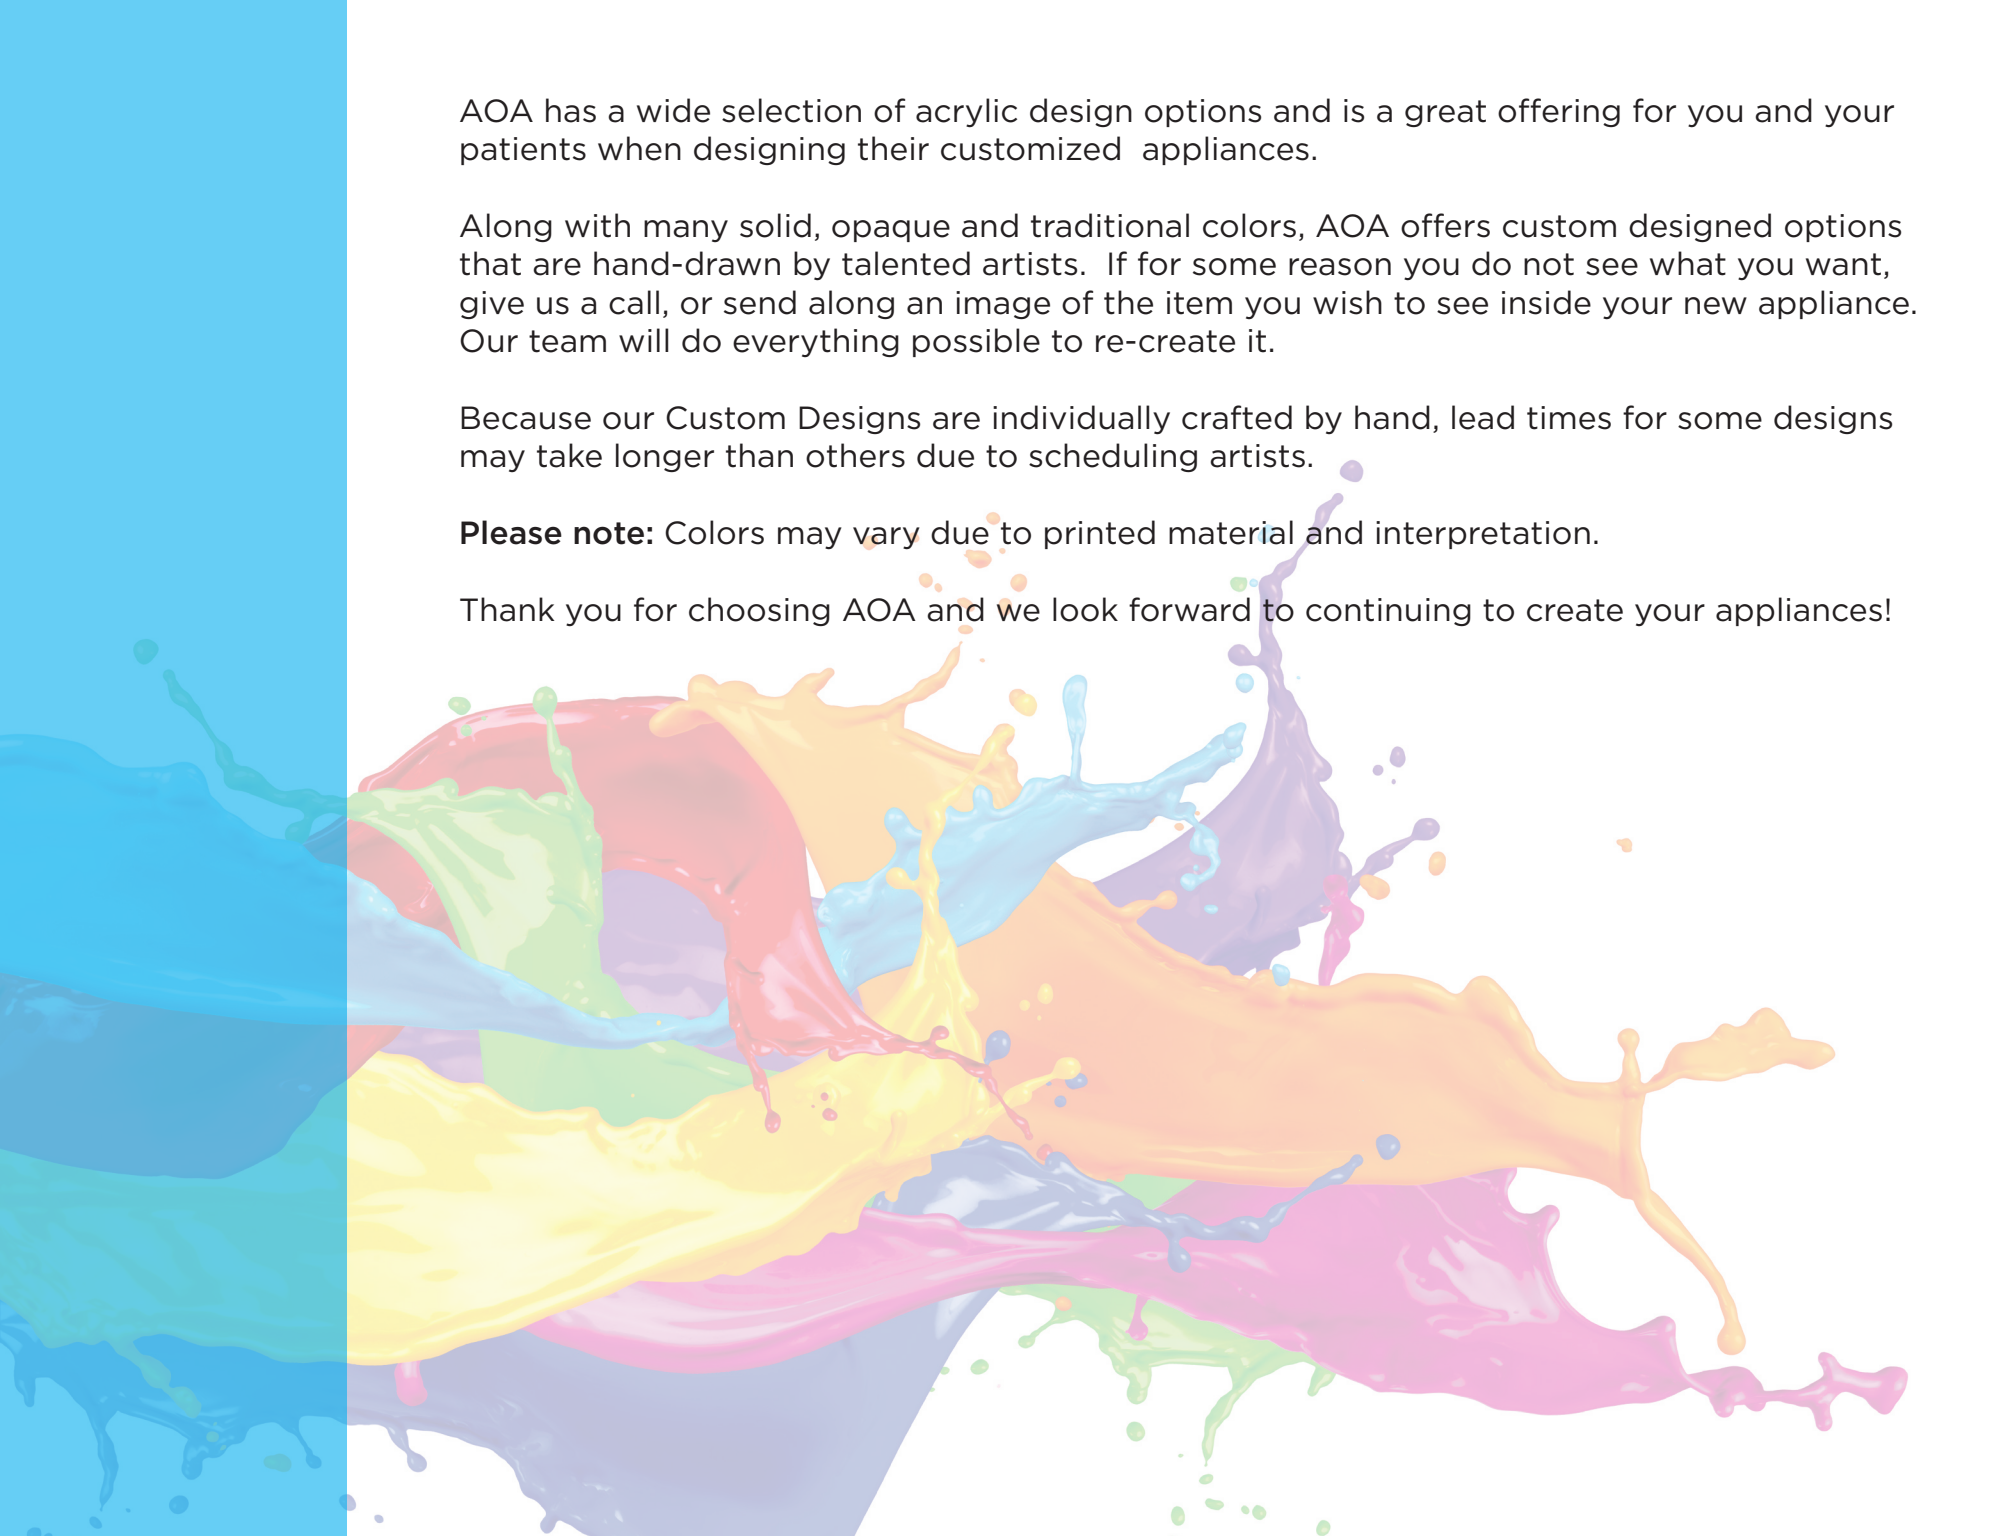

AOA has a wide selection of acrylic design options and is a great offering for you and your patients when designing their customized appliances.

Along with many solid, opaque and traditional colors, AOA offers custom designed options that are hand-drawn by talented artists. If for some reason you do not see what you want, give us a call, or send along an image of the item you wish to see inside your new appliance. Our team will do everything possible to re-create it.

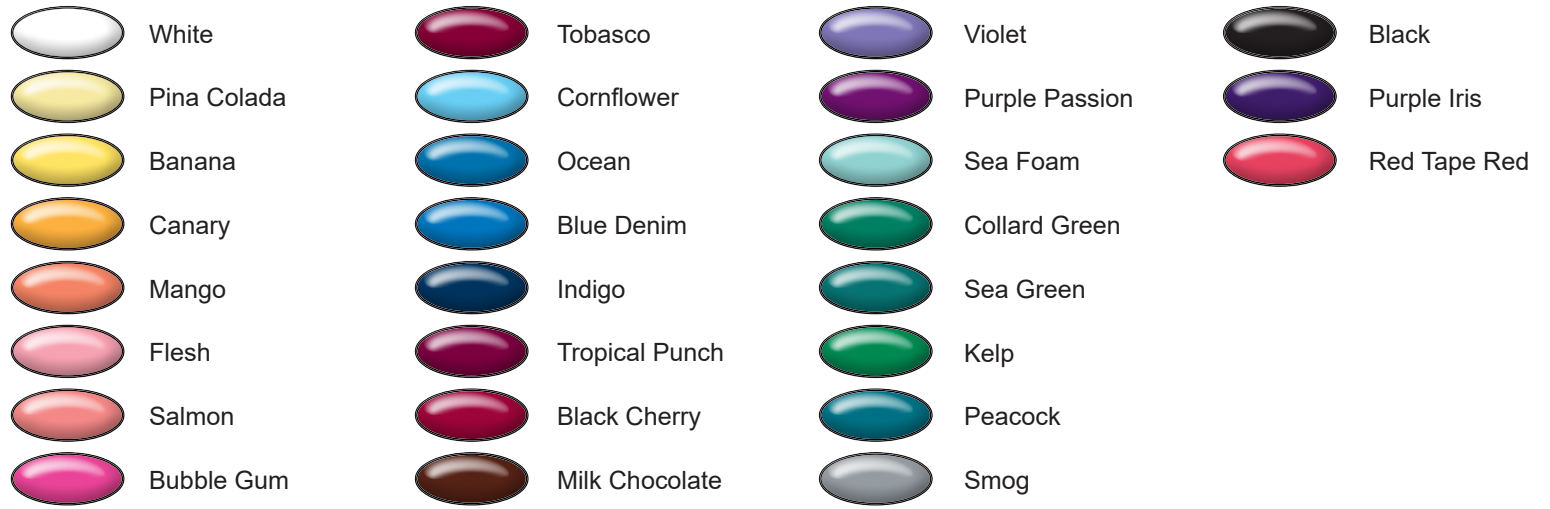

Because our Custom Designs are individually crafted by hand, lead times for some designs may take longer than others due to scheduling artists.

**Please note:** Colors may vary due to printed material and interpretation.

Thank you for choosing AOA and we look forward to continuing to create your appliances!
